CAREER OBJECTIVE

Data Analyst and Full Stack Developer with expertise in building data-driven solutions and scalable web applications. Proficient in data visualization, dashboard development, and SEO-optimized web apps using modern technologies. Passionate about leveraging data and technology to deliver impactful and user-centric solutions

EDUCATION

- **Bachelor of Computer Application (BCA):** Maa Shakumbhari University 2023 - 2026
- **Higher Secondary (12th):** Uttar Pradesh Board 2023
- **High School (10th):** CBSE Board 2021

TECHNICAL SKILLS

- **Frontend:** HTML, CSS, JavaScript (ES6+), React.js, Next.js, Tailwind CSS, Flask Templates (Jinja2), Responsive
- **Backend:** Python, Flask, REST API Development, JWT Authentication, Payment Gateway, Authentication
- **Databases:** MySQL, MongoDB
- **Programming Languages:** Python, JavaScript
- **Tools:** Power BI, Tableau, Git, GitHub, Postman, VS Code, cPanel, Hostinger, Mailgun, EmailJS, PuTTY, Vercel, Render, Railway

EXPERIENCE

- **Full Stack Developer Intern | GogalEdu Academy | Feb 2026 - Present:** Developing scalable web applications using Flask and modern JavaScript. Built REST APIs, managed MySQL databases, integrated payment systems, and deployed applications on cloud platforms.
- **Full Stack Developer Intern | Prodigy InfoTech | Dec 2025 - Jan 2026:** Developed secure Flask-based applications with JWT authentication and REST APIs. Designed MySQL databases, implemented CRUD operations, and built responsive user interfaces.

RELEVANT EXPERIENCE

- **Data Analytics Intern | Deloitte Australia (Virtual) | Oct 2025:** Developed interactive Tableau dashboards and analyzed 50,000+ forensic records using Excel, delivering actionable insights that improved data-driven decision-making efficiency by 15%.
- **GenAI Data Analyst | Tata Group (Virtual) | Oct 2025:** Utilized GenAI tools and Python for exploratory data analysis and predictive modeling on financial datasets, improving repayment forecasting accuracy by 12% and optimizing collection strategies.

PROJECTS

Data Analytics Dashboards

- **Mobile Sales Dashboard:** Analyzed sales trends to generate actionable business insights using Power BI.
- **IBM HR Attrition Dashboard:** Identified employee attrition patterns to support HR decision-making.
- **Global COVID-19 Dashboard:** Visualized cases, deaths, and vaccinations to highlight global trends.
- **Zomato Analytics Dashboard:** Evaluated restaurant ratings, pricing, and delivery trends to uncover insights.

Web Applications (SaaS & SEO-Based Platforms)

- **SyllabusBuddy, SyllabusQuiz, Vartalap.ai:** Developed scalable Flask-based platforms with structured content, AI-driven features, and interactive UI.
- **Freelancing:** Completed web development projects for Fiverr and local clients, building responsive, SEO-optimized, and scalable full-stack applications.
